PROFILE

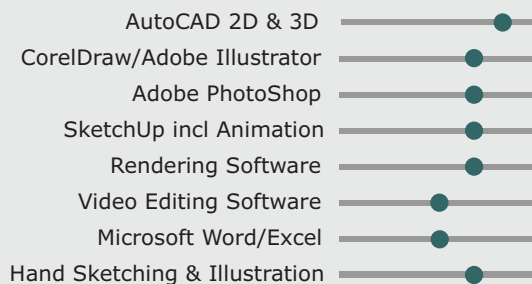

As a formally educated and experienced industrial designer, I believe I can help any manufacturer that produces a product dependant upon user function, aesthetics, ergonomics, marketability, cost sensitive production and current design trends.

With over 20 years experience I have a senior level knowledge of store furnishings and play equipment with an excellent understanding of promotional display, retail/exhibit space planning and graphic design.

EMPLOYMENT

- **Pearlite Fixture Group Inc.** , Burnaby, BC.
2000 - 2016 (Store Furnishings Design Manager)
 - As manager of Design department I was responsible for concepts, prototyping, and maintaining all shop drawings and BOMs.
 - Frequently met with clients to design custom store fixtures, interior furnishings, signage, unique displays and trade show fixtures.
 - Worked with sales management to produce all visual support documentation required for estimates, job bids and quotations.
 - Managed complete projects from engineering drawings to factory quality control and on-site fixture installations.
 - Conceived, designed and managed both digital and printed promotional material including company trademark. Developed, html coded, tested and maintained the company website.
- **Delta Play Ltd.** , Delta, BC.
1997 - 2000 (Lead Playground Equipment Designer)
 - Developed playground equipment from concept to prototype through to user testing and manufacturing.
 - Designed, themed and produced playground layout drawings for clients, shop and onsite installers.
 - Was first to introduce company to 3D modeling and drawings for equipment layout, park signage and trade show displays.
 - Produced and updated play park safety, installation and equipment maintenance manuals.
- **Innovative Metal** , Vancouver, BC.
1994 - 1997 (Draftsman / Designer)
 - Designed steel wire and sheet metal products for the retail, display and construction industries.
- **Attitube Design** , Vancouver, BC.
1992 - 1994 (Store fixtures and furniture designer)
- **Design Lines (Busby Bridger Architects)** , Vancouver, BC.
1991 (In house Industrial Design Consultant)
